Child care programs are required to post a copy of the statement of findings and corrective action plan for the most recent visit in a location which is accessible to parents, and must maintain copies of the statement of findings and corrective action plan for the preceding visit and make them available for parents to review upon request. Licensing staff are experienced in working with children and trained to interview in a manner that is respectful and non-leading. However, if you do not want your child interviewed, or if you wish to be informed prior to your child being interviewed you must give the family child care provider, center director, site director or designee, and update annually, a signed dated statement indicating your preference.
